

# DYI Outdoor Games for Kids

## 10 STICKS FINLAND

In this ancient game, a hide-and-seek variation, a board is placed centered/balanced on top of a stone, and 10 small sticks are placed on one side of the board. The seeker stomps the side of the board without the sticks, sending the sticks flying. The other participants run to hide. A Seeker has to collect them and put them back on the board before setting out to find the rest of the players.

**Players:** 4–8 players

**Items Needed:** One flat board, 10 small sticks, and a stone or hard surface
