CAPTURE THE FLAG – USA

In this energetic outdoor game, players split into two teams, each protecting their own flag while trying to capture the opponent's. The flag is hidden somewhere within each team's territory, and players must sneak, sprint, and strategize to grab it without being tagged. Once a player crosses back into their own side with the opposing flag, their team wins. *Capture the Flag* encourages teamwork, planning, and friendly competition, a true outdoor classic.

Players: 6 or more players (two teams)
